in the fight against autoimmune disease.

BENAROYA RESEARCH INSTITUTE ILLUMINATIONS

Research Showcase & Luncheon

FRIDAY, NOVEMBER 2, 2018

Sheraton Seattle Hotel | 10:30 - 11:30 a.m. Research Showcase
11:30 a.m. - 1 p.m. Lunch and Program

80 AUTOIMMUNE DISEASES HAVE MET THEIR MATCH AT BRI.

Autoimmune diseases strike 1 in every 15 Americans. Multiple sclerosis, type 1 diabetes, lupus, rheumatoid arthritis — they're all autoimmune diseases and they're all connected. And so is the way we're fighting them.

Medical research at Benaroya Research Institute at Virginia Mason (BRI) has resulted in major advances against many diseases of the immune system. Each breakthrough we make brings us one step closer to winning the fight for the **23 million men and women** suffering from autoimmune diseases in the U.S. today. **Progress against one is progress against them all.**

Join 300 philanthropic and community leaders at the BRI Illuminations Luncheon. A featured BRI scientist will discuss recent scientific breakthroughs in immune system disease research. Event sponsorships, tables of ten seats and individual tickets are available.

Steve Raible, KIRO 7 Eyewitness News Anchor and voice of the Seattle Seahawks, will emcee this year's Illuminations Luncheon. He is recognized as one of the premier news anchors in the

Pacific Northwest. Steve was honored as the 2010 Silver Circle Inductee by the Northwest Chapter of the National Academy of Television Arts & Sciences.

No fee to attend. Register online at:

Event Sponsor Opportunities

Benaroya Research Institute

The world-renowned Benaroya Research Institute at Virginia Mason (BRI) conducts medical research on many diseases of the immune system. Scientists at BRI are discovering causes and cures to eliminate autoimmune diseases like type 1 diabetes, multiple sclerosis, rheumatoid arthritis and over 80 others. BRI is one of the few research institutes in the world dedicated to autoimmune diseases. The institute's collaborative approach accelerates discovery and translates laboratory breakthroughs to prevent, treat, and ultimately, eliminate these diseases.

Supporting BRI

Working together with patients, families and physicians, the scientists at the Benaroya Research Institute have brought innovative medical advances to the Pacific Northwest, the nation and the world. Your contribution supports lifesaving research and provides vital funding for new ideas and essential equipment.

To secure your sponsorship, call our corporate giving office at 206-223-7628, email CorporateGiving@VirginiaMason.org, or mail this form to Virginia Mason Foundation, PO Box 1930, Seattle, WA 98111.

Deadline for event sponsorship is Oct. 24, 2018.
